

## **Primary Sports Funding at Siddal Primary School**

### **What is Primary Sports Funding?**

The government is providing additional funding of £150 million per annum for academic years 2013 to 2014 and 2014 to 2015 to improve provision of physical education (PE) and sport in primary schools. This funding - provided jointly by the Departments for Education, Health and Culture, Media and Sport - will be allocated to primary school head teachers.

This funding is ring-fenced and therefore can only be spent on provision of PE and sport in schools.

### **How will the funding be spent?**

At Siddal Primary School we have developed an action plan to ensure that the money is spent on initiatives which will have a long lasting impact on the future learning and physical development of children within our school. We are also developing our school curriculum to further develop pupils understanding of healthy lifestyles and the need for regular physical activity. We are seeking to develop wider opportunities for pupils to participate in competitive sports and a wider range of physical activities.

A proportion of the funding has been spent on employing professional sports coaches to teach PE in KS2 to develop pupil participation in competitive sports. We also employ a play leader to develop pupil participation in a range of physical activities and sports at lunchtime.

A proportion of the fund will be spent on employing an apprentice who will focus on improving sporting activities during breakfast club, at playtimes and lunchtimes and will support the teachers during PE lessons to ensure all children participate in sessions to their potential. – defer to 2015-2016

We provide transport for pupils taking part in after school sports leagues to and from school. As well as providing relevant sports clothing and equipment for these events.

The school has strong links with the local high school who provide the sports coaches but also lead on providing a wide range of competitive competitions.

We plan to extend the pupils understanding of what sport is to include more adventurous activities like climbing and caving as well as less popular sports in our locality like cricket and golf

Siddal Primary School – Sports Premium Allocation 2014-2015 - - £8,870

Initiative	Cost	Outcomes	Impact
<p><b>Competition Programme</b> Including: netball, football, rugby, hockey, cross country, athletics, and sports superstar competitions throughout the year for groups of pupils in KS2.</p>	<p>Cost of joining Park Lane Primary Sports fixture Programme - £200</p>	<p>Increased opportunities for children to compete both within school and against other schools.
